Hi Grace,

It is so good to hear from you! Thanks for the kind sentiments. Sorry it's taken so long to respond.

I just caught up on much of the "Cougar" group through Jameson. He was in town for the Holidays and joined me on an outing with a group organized by his mom (Silas is in the group).

We talked about the Cougar group and the great outdoor experiences and sharing and fun. I sure do miss you and the whole gang. What a stellar bunch! I should not compare other groups to you all but I do it. In fact, NOT one group comes close to the enthusiastic, positive, unified group mentality as the Cougars. And you in particular. You were a great leader, such a good-hearted, good-natured and intelligent and bright person. I'm sure you still are all of those and much more! I am lucky and blessed for the opportunity to have shared great times in nature with you (and all).

Bring me up to date as to what's going on in particular for you. Jameson did not give too much info so I'd love to hear the news!

Say hi to your dad and mom for me. I did write a letter top your mom a few days ago so I hope she got it.

Be Well. Best to you.

Rob
